Application Information and Regulations

Established in 1940, formerly known as Burbank City Employees Federal Credit Union was formed by a group of City workers who joined together by pooling their money to create their own special organization for saving and borrowing. As a Not-For-Profit financial institution, we have acknowledged the need for financial literacy in the community. In 1996 we established our Independent Advantage program for teens, to teach life skills and financial literacy not often taught or discussed in schools. Our program is still going strong after 26 years and only growing in the Burbank and San Fernando Valley.
